Subject: South 4 Group Fire incident environmental data
Attachments: FW: TPC is asking for the tabular ASPECT Data?; FW: South 4 Group Fire: Air Monitoring Data

Good morning Evelyn,

Apologies for not including you in this email earlier this morning.

In respect to a request for a health consultation, Unified Command is pulling together our data to provide to ATSDR and DSHS.

Attached, please find EPA's ground air monitoring and ASPECT air monitoring data through the first 48 hours.

We are working on getting the data from TPC and TCEQ to be included in the consult.

Thanks for your help. Any questions or needs, please don't hesitate.
